

Procedure for the BASIC PACKAGE - BEGINNER

After purchasing your IMPROVEMYPROFILE package, you will receive three emails. Among others, an order confirmation, an invoice email & a download files email with this flowchart, as well as a handout about "Tips for writing personal quotes or profile texts".

After that we ask you to follow the steps below:

1. WE WANT TO GET TO KNOW YOU

Send us a screenshot of your profile of the online dating portal/app to documents@improvemyprofile.com. Then send us your entire selection of pictures (reduce the number of pictures to ten), which you may already use or want to use on the dating portal, to pictures@improvemyprofile.com. This way we can make recommendations for your photos that show you from your best side and select the best five.

2. YOUR ONLINE PROFILE RECEIVES A CRITIQUE AWARD

Within five business days of submitting your data, we will send you a personalized assessment of your dating profile, which will provide you with detailed instructions on everything from structure to content and grammar, and what you should change to become Prince Charming or Princess Charming online. Also, we will suggest you the five best images that you should use for your online appearance in order to assert yourself even better in the limelight of the dating stage and become the profile hero or profile heroine.

3. IMPROVE PROFILE AND FIND LOVE ONLINE NOW!

Heed our criticisms and start improving your profile yourself. Take the appropriate precautions to re-upload the right photos. From now on, it's no longer IMPROVEMYPROFILE, but IMPROVE YOUR PROFILE. So, NOW it's time to sit back, relax, wait and find the great love.
