

## Procedure for the PLUS PACKAGE - ADVANCED

After purchasing your IMPROVEMYPROFILE package, you will receive a welcome email with our questionnaires, your invoice, this process brochure, and two handouts on "The Right Photo" & "10 Tips for a Successful First Message".

After that, we ask you to follow the steps below:

## 1. WE WANT TO GET TO KNOW YOU

Fill out our simple questionnaire about your preferences, interests, hobbies and what you want in a partner and send it back to us. This confidential questionnaire gives us exactly the information we need to create a successful, attention-grabbing profile tailored to your ideal partner.

Please let us know which online platform you are a customer of, so that we can adjust the profile with the required information accordingly. If you are not registered with any dating platform, no problem - we will simply create a universal profile for you, which you can definitely use on almost all platforms. It would only be good to know whether it is a dating app or a dating website in the future, as the character count is different here in each case. Afterwards, please send us a separate screenshot of your image selection or upload your image files in your customer account (reduce your number of images to twenty), which you use or want to use on the dating portal. This way we can recommend the three photos that show you from your best side. You are also welcome to send us your pictures to [pictures@improvemyprofile.de](mailto:pictures@improvemyprofile.de) and the documents to [documents@improvemyprofile.de](mailto:documents@improvemyprofile.de) - thank you.

## 2. YOUR ONLINE PROFILE BECOMES AN ONLINE DATING STAR

Within five business days, we'll send you your brand-new profile, which is now tailored specifically to you, your personality and, of course, your ideal partner. The make-over profile that will make you shine like a star. Thanks to your personality!

Also, we will suggest you the five best pictures that you should use for your online presence to be able to assert yourself even better in the limelight of the dating stage. After that, we will take three photos of our choice and transform them with the help of small editing tricks into a new unique piece of your dating photo profile collection.

## 3. POLISH YOUR UPLOAD NOW AND FIND YOUR ONLINE LOVE!

Just update your profile or create a new one and let your new dating profile inspire and impress you. Now it's no longer IMPROVEMYPROFILE but WAIT FOR DATING PROFILES. Big love will be waiting for you.
